

			
<b>ARCO MAINTENANCE &amp; ENGINEERING LIMITED</b>			
<b>JOB ADVERT</b>			
The below positions are open for application. Suitable and qualified candidates should send in their applications and certificates to: <a href="mailto:whr@arcogroup-nigeria.com">whr@arcogroup-nigeria.com</a> or come in person to submit hard copies at the IMSC Admin Block. Please note that this advert is opened from 18th - 21th November 2020. Also note that CERTIFICATES WILL BE VERIFIED.			
	<b>Core Maintenance Supervisors</b>		
1	Electrical Supervisor	<b>Electrical Supervisor</b> must possess HND/B.ENG in Electrical Engineering, Electrical /Electronic Engineering + 5 yrs. experience in an Oil & Gas industry in related field. AEP (Authorised Electrical Personnel) for High Voltage	<b>Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&amp;G</b>
2	Instrument Supervisor	<b>Instrument Supervisor</b> must possess HND/B.ENG in Electrical Engineering, Electrical /Electronic Engineering, Chemical Engineering, Physics/Electronics Engineering, Marine Engineering, Mechanical engineering + 5 yrs. experience in an Oil & Gas industry in related field.	
3	Mechanical Supervisor	<b>Mechanical Supervisor</b> must possess HND/B.ENG in Mechanical Engineering or any relevant Engineering Discipline + 5 yrs. Experience in an Oil & Gas industry	
4	Construction (CIVIL) Supervisor	<b>Construction Supervisor</b> must possess HND/B.ENG in Mechanical Engineering or Civil Engineering Discipline + 5 yrs. Experience in an Oil & Gas industry	
5	Rope Access Supervisor	<b>Rope Access Maintenance personnel</b> must be certified to IRATA LEVEL 2 plus relevant maintenance experience in the field where he/she is to be engaged (E.g. Electrical, Mechanical, Civil etc.)	
	<b>Support Services Supervisors</b>		
6	Rigging Supervisor	<b>Rigging supervisors</b> must be certified to OPITO RIGGING & LIFTING LEVEL 3 or equivalent qualifications.	<b>Min of 7 Years Experience; at least 3 years direct supervision experience on the specific discipline in O&amp;G (SSCE plus Internationally Accredited</b>
7	Lifting Supervisor	<b>Lifting Supervisors</b> must be certified to OPITO RIGGING & LIFTING LEVEL 3 or equivalent qualifications.	

8	Scaffold Supervisor	<b>Scaffold Supervisor</b> must possess a minimum of a Science, Technology, Engineering or Mathematics (STEM) OND + Trade test (CISRS Scaffold Supervisor certification, or equivalent) + 5 years' experience in an Oil & Gas industry. In addition, must be computer Literate.	<b>Technical (Professional) Certification acceptable)</b>	
9	Civil Supervisor (Carpentry, Masonry)	<b>Civil Supervisor</b> must possess must possess HND/B.ENG in Civil Engineering, Construction Engineering + 5 yrs. experience in an Oil & Gas industry in related field. in addition to being a certified NLNG permit to work (PTW) applicant.		
10	Insulation Supervisor	<b>Painting &amp; Insulation Supervisor</b> must possess a minimum of OND + Trade test + 5 yrs. experience in an Oil & Gas industry. In addition, must be computer Literate.		
11	Painting Supervisor	<b>Painting &amp; Insulation Supervisor</b> must possess a minimum of OND + Trade test + 5 yrs. experience in an Oil & Gas industry. In addition, must be computer Literate.		
12	Shutdown Support Supervisor	Min of 7 Years Experience; at least 3 years direct supervision experience in shutdown operations within the O&G industry+ minimum of OND		
13	Vehicle Maintenance Supervisor	<b>Heavy duty vehicle Maintenance Supervisors</b> must possess minimum of SSSCE/WAEC + Trade Certificate + must have at least 5 years relevant experience + Competency Certificate from a recognized organisation/body.		
14	Utility Supervisor	Min of 7 Years Experience; at least 3 years direct supervision experience within the O&G industry + minimum of OND		
15	Welding/Fabrication Supervisor	<b>Welding and Fabrication Supervisor</b> must possess a minimum of OND + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipework + Ability to interpret Welding Procedure Specifications (WPS) + Practical Competency in welding.		
	<b>Core Maintenance Team Leads</b>			
16	Electrical Leadman	Team Leads must possess all relevant qualification, certification and relevant experience required for their various Technician disciplines in addition to being a certified NLNG permit to work (PTW) holder and AEP (Authorised Electrical Personnel) for Low Voltage OND + relevant experience + computer literacy		<b>Min of 5 Years direct maintenance experience on the specific discipline in O&amp;G, demonstration of acquired skills</b>

17	Instrument Leadman	Team Leads must possess all relevant qualification, certification and relevant experience required for their various Technician disciplines in addition to being a certified NLNG permit to work (PTW) holder and AEP (Authorised Electrical Personnel) for Low Voltage  OND + relevant experience + computer literacy	
18	Mechanical Leadman	Team Leads must possess all relevant qualification, certification and relevant experience required for their various Technician disciplines in addition to being a certified NLNG permit to work (PTW) holder and AEP (Authorised Electrical Personnel) for Low Voltage  OND + relevant experience + computer literacy	
19	Construction Leadman	Team Leads must possess all relevant qualification, certification and relevant experience required for their various Technician disciplines in addition to being a certified NLNG permit to work (PTW) holder and AEP(Authorised Electrical Personnel) for Low Voltage  OND + relevant experience + computer literacy	
	<b>Technicians</b>		
20	Instrument	<b>Instrument Technician</b> must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	<b>Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&amp;G, demonstration of acquired skills</b>
21	Electrical	<b>Electrical Technician</b> must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are HND/B.Eng. in Electrical, or Electrical/Electronics	
22	Mechanical	<b>Mechanical Technician</b> must possess a minimum of OND in Mechanical Engineering or City & Guilds Advance Diploma in Mechanical. Others eligible are B.Eng. in	

		Mechanical, Marine, Petroleum, or related engineering discipline.	
23	Fire & Gas	<b>F&amp;G Instrument Technician</b> must possess a minimum of OND in Electrical Engineering, Electrical/Electronic Engineering, Physics/Electronics Engineering or City & Guilds Advance Diploma in Electrical installation. Others eligible are holders of HND/B.Eng. in Mechanical, Marine, and Chemical Engineering.	
24	CNC Machinist	<b>CNC Machinist</b> OND or equivalent + trade test + relevant experience in CNC-CAM Certification from a reputable certifying organisation	
25	Coded Welder	Coded Welders must possess a minimum of SSSCE/WAEC + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipework + Vision Test Record, Coded for Carbon & Stainless Steels Pipe Welding to 6G (SMAW & GTAW) + Ability to interpret Welding Procedure Specifications (WPS)	

	<b>Craft Team Leads</b>		
26	Rigging Leadman / Lead Banksman	Lifting & Rigging Personnel must possess a minimum of SSSCE/WAEC, in addition to Lifting & Rigging competence certification(Trade Certificate) from the Federal Ministry of Labour and Productivity & international certification, the below requirements are mandatory: ü Riggers/Banksman must be certified to OPITO RIGGING & LIFTING LEVEL 2 or equivalent qualifications. ü Lifting Supervisors must be certified to OPITO RIGGING & LIFTING LEVEL 3 or equivalent qualifications.	<b>Min of 7 Years direct maintenance experience on the specific discipline in O&amp;G, demonstration of acquired skills</b>
27	Lifting Leadman	SSCE + trade test + relevant experience + computer literacy + international certification	
28	Scaffold Leadman	<b>Scaffold Team Lead</b> must possess a minimum of a Science, Technology, Engineering or Mathematics (STEM) OND + Trade test (CISRS Level 3 certification, or equivalent) + 5 years' experience in an Oil & Gas industry. In addition, must be computer Literate.	

29	Civil Leadman (Carpentry, Masonry)	SSCE + trade test + relevant experience + computer literacy + international certification	
30	Insulation Leadman	SSCE + trade test + relevant experience + computer literacy + international certification	
31	Painting Leadman	SSCE + trade test + relevant experience + computer literacy + international certification	
32	Vehicle Maintenance Leadman	SSCE + trade test + relevant experience + computer literacy + international certification	
33	Welding/Fabrication Leadman	<b>Welding/Fabrication leadman</b> must possess a minimum of SSSCE/WAEC + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipework + Ability to interpret Welding Procedure Specifications (WPS) + Practical Competency in welding. In addition must be computer Literate and be a PTW holder	
34	Civil Leadman	SSCE + trade test + relevant experience + computer literacy + international certification	
35	Fabrics Leadman	SSCE + trade test + relevant experience + computer literacy + international certification	
	<b>ADVANCED SKILLED WORKERS</b>		
36	Pipefitter	<b>Welders</b> must possess a minimum of SSSCE/WAEC + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipework + Ability to interpret Welding Procedure Specifications (WPS) + Practical Competency in welding.	<b>Min of 7 Years direct maintenance experience (for SSCE) or 4 years for OND) on the specific discipline in O&amp;G, demonstration of acquired skills</b>
37	Welder	<b>Pipe Fitters</b> must possess a minimum of SSSCE/WAEC + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipework + Ability to interpret Welding Procedure Specifications (WPS) + Practical Competency in pipe fitting.	
38	Overhead Crane Operator	<b>Welders</b> must possess a minimum of SSSCE/WAEC + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipework + Ability to interpret Welding Procedure Specifications (WPS) + Practical Competency in welding.	

39	Multi-Skilled Craftsman	<b>Pipe Fitters</b> must possess a minimum of SSSCE/WAEC + Trade test or City & Guilds Level one or above in Fabrication Welding & Pipework + Ability to interpret Welding Procedure Specifications (WPS) + Practical Competency in pipe fitting.	
40	Senior craftsman	<b>Crane Operator</b> must possess a minimum of SSSCE/WAEC + Trade Certificate + at least 2 years relevant experience + must be certified to OPITO RIGGING & LIFTING LEVEL 2 or equivalent qualifications.	
	<b>SKILLED WORKERS</b>		
41	Insulator	SSCE + trade test + relevant experience	<b>Min of 5 Years (3 years for entry level positions) direct maintenance experience on the specific discipline in O&amp;G, demonstration of acquired skills</b>
42	Rigger	<b>Lifting &amp; Rigging Personnel</b> must possess a minimum of SSSCE/WAEC, in addition to Lifting & Rigging competence certification (Trade Certificate)	
43	Banksman	SSCE + trade test + relevant experience	
44	Carpenter	SSCE + trade test + relevant experience	
45	Plumber	SSCE + trade test + relevant experience	
46	Chemical Cleaning Operator	SSCE + trade test + relevant experience	
	<b>Semi Skilled Craftsman</b>		
47	Painter	SSCE + trade test + relevant experience	
	<b>Skills Worker</b>		
48	Helper	Numeracy and Literacy certificate + relevant experience	<b>Min of 5 Years Experience; at least 3 years direct experience on the professional discipline in O&amp;G</b>
49	Management Driver	SSCE + trade test + relevant experience	
50	Driver	SSCE + trade test + relevant experience	
51	Clinic Doctor/Nurse	RELATED QUALITIFICATIONS + COGNATE EXPERIECE	
52	Field Service Coordinator	RELATED QUALITIFICATIONS + COGNATE EXPERIECE	
53	Planning Coordinator	RELATED QUALITIFICATIONS + COGNATE EXPERIECE	
54	Planner/Scheduler (MEI)	RELATED QUALITIFICATIONS + COGNATE EXPERIECE	

55	HSE Officer	<i>BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy</i>	
56	QAQC Officer	<i>BSC, HND in relevant or related discipline or equivalent + professional certification + relevant experience + computer literacy</i>	
57	Procurement/Warehouse/Materials Officer	<i>RELATED QUALITIFICATIONS + COGNATE EXPERIECE</i>	
58	HR Officer	<i>RELATED QUALITIFICATIONS + COGNATE EXPERIECE</i>	
59	Expediter/Buyer Officer	<i>RELATED QUALITIFICATIONS + COGNATE EXPERIECE</i>	
60	Administrative Officer	<i>RELATED QUALITIFICATIONS + COGNATE EXPERIECE</i>	
61	Learning and Development	<i>RELATED QUALITIFICATIONS + COGNATE EXPERIECE</i>	
62	Logistics Officer	<i>RELATED QUALITIFICATIONS + COGNATE EXPERIECE</i>	
63	Cost Engineer/Document Controller	<i>RELATED QUALITIFICATIONS + COGNATE EXPERIECE</i>
